

mySAP PLM

“The implementation of SAP Work Clearance Management with mySAP PLM Asset Life-Cycle Management at the Electrabel nuclear power stations fits perfectly into our policy to continuously improve safety and efficiency of maintenance processes.”

Jean Pierre Gourgue, responsible for SAP Electrabel Generation

SAP Success Story

WORK CLEARANCE MANAGEMENT WITH mySAP PLM- A PERFECT TOOL FOR GENERATION FACILITY MAINTENANCE

ELECTRABEL

<http://www.electrabel.com/>

Electrabel is a private power company active on the European energy market.

Our core business

- we sell electricity, natural gas and derived energy products and services,
- we generate electricity,
- we trade electricity and natural gas,
- we build, manage and service networks used for the transmission of electricity and the distribution of electricity and natural gas.

Other activities complete our offer in Belgium: cable TV and radio, distribution of water, ...
